Proposed Creative Europe project – to which project are you looking for partners?

Sector or field	<i>Performing arts</i>
Description or summary of the proposed project	<i>The piece we are developing explores human nature and orbits around the question "Why don't we understand each other?". We are really interested in interrogating why, as a human species, we can excel and evolve in some areas, but yet still struggle to comprehend and empathize with one another in very basic ways. This paradox of human evolution is what we want to explore through a combination of dance, music, and digital art. Ultimately, we want to unify dance with film, while taking advantage of some state-of-the-art resources offered by technology to create a live experience that is fully immersive.</i>
Partners currently involved in the project	<i>Collectif Les Autres (France)</i>
