Proposed Creative Europe project – to which project are you looking for partners?

Sector or field	<i>Design and craft</i>
Description or summary of the proposed project	<i>Our project explores the links between craftsmanship and industry, starting from territories and their local resources. It aims to develop, through design, a methodology that can be transferred to different European regions, capable of creating lasting bridges between these two worlds. We seek to show what craftsmanship can bring to industry (precision, uniqueness, sustainability, emotion, innovation) and how industry can, in return, enhance craftsmanship through its tools, efficiency, ability to scale up, and stronger integration into the everyday economy.</i>
Partners currently involved in the project	<i>Design Research Center, ENS Paris-Saclay / ENSCI Les Ateliers</i>
